New Resources for Planning Committees

A new section has been added to our “Help” page for planning committee members. Click [here](#) or copy/paste <https://wmed.cloud-cme.com/about/help?P=2000> to access the “Help” page. Additional resources for learners and coordinators can also be located here.

Activity Coordinator

Objectives for Child Sessions

Each child session needs session specific objectives to be approved for credit.

- These should be **more specific** than the objectives listed in the parent application.
- Objectives should answer what the learner will know and/or be able to do after completing that **specific session**.
- Please remember to add objectives to your child sessions before you add faculty. This ensures that the session status does not change from “Incomplete” to “Pending” until all the required information has been entered.

Sample Objectives

- Participants will identify strategies to improve patient outcomes in regard to . . .
- Participants will be able to recognize the clinical implications of . . .
- Participants will be able to identify . . .
- Outline management principles of . . .
- Participants will be able to list the essential elements of . . .
- Compare and contrast the appropriate selection and dosing based on . . .

Unacceptable Educational Objectives

- To offer activities on the selected topic...
- To give area physicians the opportunity to learn from nationally recognized speakers...
- Goals of the conference and vague statements that do not describe learner-oriented outcomes...

RSS Evaluation Summary Frequency

In an effort to better follow up on outcome assessments in 2022, an email was sent requesting the frequency you would like to receive RSS evaluation summaries. If you have not responded, we will use our best judgement in sending your reports.

Be on the Lookout

CloudCME has announced that they will be updating the RSS Dashboard to include new features. We will be notified one week prior to the update, and will send out additional information once it is received.
