

January 2024

Happy New Year!

Announcements

Staffing During the Holidays

Please note that the CE Office may have limited staffing during this holiday season. Our responses may be delayed. Thank you in advance for understanding it may take additional time to respond to your inquiries!

RSS Evaluation Summaries

In 2024, we are going to continue to allow requests for specific evaluation summary frequency. However, we will begin to default to two evaluation summaries a year. One summary will occur at the half year mark and the other summary at the full year mark. If you wish to have summaries for individual sessions, monthly, or quarterly, please let Kelsey, CE Data Analyst, know by January 15, 2024. For more information, please email Kelsey // kelsey.caras@wmed.edu.

RSS Continuing Education Activities for 2024

As the end of the year approaches, a few reminders for your upcoming 2024 RSS CE activities:

- All children sessions will need **a minimum of 2 session specific objectives**, speakers/faculty added, all disclosure forms on file, and any conflicts of interest resolved before they will be approved for credit.
- Agendas are required for all activities over 2 hours in length.

Featured Activities

WMed Human Trafficking Conference 2024

Save the date! Thursday, February 29th, 2024, W.E. Upjohn M.D. Campus, Kalamazoo, Michigan

Human trafficking – you might know what this is, but do you know what to do if you encounter this in the clinical setting? This 4-hour event will include a lecture series about human trafficking's intersection with health care as well as a chance to apply the knowledge participants gain in cases in WMed's simulation center. Attendees will learn how to recognize trafficking, safely intervene, and use resources to aid patients being trafficked. More information and registration coming soon!

 Featured Activities

42nd Annual Kalamazoo Community Medical and Health Sciences Research Day – Updated Date

The 42nd Annual Kalamazoo Community Medical and Health Sciences Research Day will be held **April 4, 2024** at W.E. Upjohn M.D. Campus in Downtown Kalamazoo, Michigan. This is an opportunity to highlight the breadth of research and scholarly activity accomplished by our scientific community. More information and agenda details available soon.

The 2024 Research Day will showcase WMed efforts to promote translational research from bench to bedside and will feature highly focused talks on topics that include, but not limited to, basic and translational science, clinical research, public health, medical ethics and law, social and behavioral sciences, and education-related research.

All faculty, residents, post-doctoral fellows, students, and staff are encouraged to attend and participate.

40th Annual Developmental Disabilities Conference

Save the date! April 16-17, 2024, Kellogg Hotel & Conference Center, East Lansing, MI

40th
Annual
Developmental
Disabilities
Conference

The Annual Developmental Disabilities Conference focuses on issues related to healthcare, social, community, and educational services that are of critical importance to the future of persons with developmental and/or intellectual disabilities. The program will provide an overview of issues related to the spectrum of services currently available as well as strategies for enhancing these services.

This educational program is designed for physicians, nurses, psychologists, social workers, therapists, educators, nutritionists, home care providers, and other professionals interested in the delivery of care and services to persons with developmental disabilities.

For conference and registration information, please visit: <https://wmed.cloud-cme.com/DDConference2024>

Healthcare Credits for Michigan Licensure – Enduring Materials

Missed the Healthcare Credits for Michigan Licensure in October 2023? Good news! We have turned the session recordings into enduring materials. The Healthcare Credits for Michigan Licensure Conference is an opportunity to earn essential credits and stay ahead in your medical licensure journey. It focuses on providing the specific CE requirements needed for one's medical license renewal (implicit bias, medical ethics, pain management, and human trafficking sessions). These enduring materials will allow you the opportunity to fulfill your licensure requirements in a convenient and engaging manner.
