

November 2023

Announcements

Staffing During the Holidays

Please note that the CE Office may have limited staffing during this holiday season. Our responses may be delayed. Thank you in advance for understanding it may take additional time to respond to your inquiries!

WMed CE Program Evaluation Survey

As part of a larger self-study for re-accreditation, the Office of Continuing Education is requesting that you complete our program evaluation survey. This feedback will allow us to critically examine our program's overall effectiveness and how to better meet the needs of our continuing education community. Please click [here](#) to complete our seven-question survey.

We ask that all responses are submitted by December 15, 2023.

CE Training Sessions

Save the date! All coordinators are invited to attend the upcoming sessions. Links to join these virtual Teams trainings are below and will be sent as calendar invites closer to each session.

CloudCME Mobile App: Mastering CloudCME On-the-Go – New Date!

RSS Continuing Education Activities for 2024

As the end of the year approaches, a few reminders for your upcoming 2024 RSS CE activities:

- Once your 2024 activity application has been approved, you will receive an approval email from the CE Office. Your 2024 activity will become available to you in your RSS Dashboard, and you can start creating your children sessions.
 - **Please make sure 2024 children are added under the new parent ID for 2024 and not the current parent ID for 2023.**
- All children sessions will need **a minimum of 2 session specific objectives**, speakers/faculty added, all disclosure forms on file, and any conflicts of interest resolved before they will be approved for credit.

 Featured Activities

DEA/MATE Training: A Practical Approach to Addition in our Community

This multidisciplinary approach event will help practitioners, applying for a new or renewed DEA registration, meet the 8-hour training required on opioid or other substance use disorders.

Tuesday, November 14, 2023, 8:00 AM - 5:00 PM, WMed Auditorium, Kalamazoo, MI

Cost: \$25

Register here: <https://wmed.cloud-cme.com/course/courseoverview?p=1&eid=30533>

Registration will close on November 10, 2023

Coordinator Trainings – Enduring Materials

We are pleased to announce that three of our training sessions are now being offered as enduring materials that can be completed for CE credit.

Beyond the Algorithm: Exploring AI's Role in the Future of Healthcare

Save the date! Join us on December 7, 2023 at 6:00 PM for an enlightening panel discussion on AI in healthcare. In this session, we'll dive into the transformative world of artificial intelligence in healthcare. Our expert panel will explore the profound impact of AI, going beyond algorithms to discuss personalized medicine, predictive analytics, patient-centric care, ethics, and research.

Engage in discussions with local experts, ask questions, and gain insights into AI's role in shaping the future of healthcare. Whether you're a healthcare professional, researcher, policymaker, or student, this event promises valuable takeaways.

For more information and credit types, visit <https://wmed.cloud-cme.com/course/courseoverview?p=1&eid=31084>

 Reminders from the CE Office

CE Insights Newsletter

The Office of Continuing Education will be publishing a quarterly general newsletter for all WMed CloudCME users and healthcare professionals titled "CE Insights".
