Upcoming Changes to Evaluation Summaries

Kelsey Caras, Data and Development Specialist

Starting in 2020, we will be individualizing the evaluation summary process for each activity. Our office will work with you on the timeline of summaries based on previous volume, subject matter, instructor information, and feedback.

Outcome Assessments

Kelsey Caras, Data and Development Specialist

As we wrap up 2019, the CE Office will be working on following up on outcomes assessments to close out activities for 2019. As a reminder, if you are using measurements other than the CE Evaluation, we will need copies of the assessment results. If you need assistance in reaching out to your audience to follow up on outcomes, our office is willing and able to help. Please email the CE Office: ce@med.wmich.edu
